Dear Mr. Israel,

Re : Shine a Light on Woman Abuse

The London Abused Women's Centre is extremely grateful to you for your generous gift of more than 500 purple light bulbs for our Shine a Light on Woman Abuse campaign. The campaign will run throughout the first two weeks of November with the goal of raising awareness about the impact of woman abuse on families and the community at large. We further hope to use the campaign to raise funds for front line services.

The London Abused Women's Centre provides counselling, support and advocacy to women over the age of 16 who are abused by their intimate partner. Over the course of the past year, we have seen a significant spike in the demand by abused women for services. It is the policy of the agency to ensure that all women requiring service can access it and as a result all funds raised are directed back into front line services.

We deeply appreciate your generosity. It will go a long way towards assisting us in reaching our goal.

Sincerely,
